BULK LIQUID STORAGE

(UNDERGROUND TANKS WITH SECURE HARDSTANDING)

BENTWATERS PARKS

2 X 1 MILLION GALLON TANKS UNDERGROUND

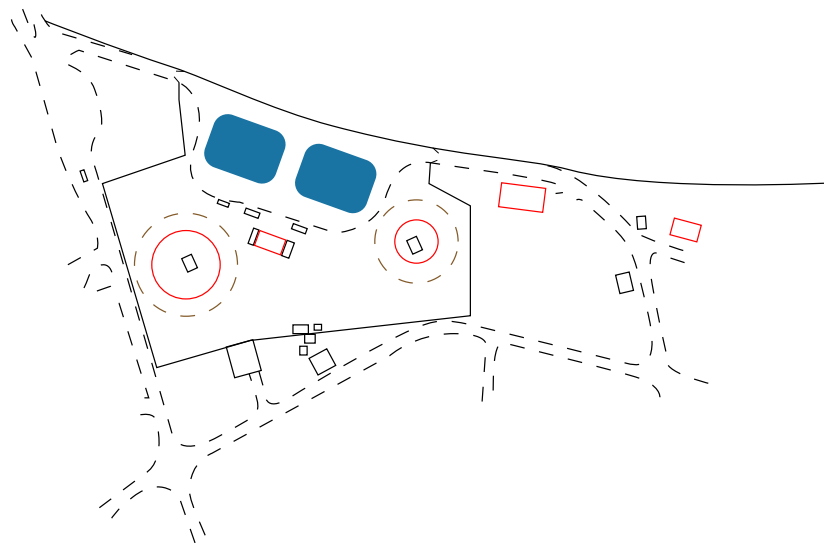

On the perimeter of the site lies the bulk liquid storage area, previously used for the storage of aviation fuel, but now capable of being utilised for the storage of a variety of bulk liquids.

The storage tanks are situated under a large, secure compound with ample parking space for cars and lorries

Rent: Upon application (subject to VAT)
